

Hana Vyčítalová The GreyNet International Award Recipient 2026

🏆 This well-deserved honor is long in coming. A review of Hana’s work as well as the support that the **National Library of Technology** has provided GreyNet over the years has lasting merit. Our records show that she and co-authors from NTK have contributed multiple conference papers and posters in the International Grey Literature Conference Series dating back to 2010. It was also in that year, that NTK first took on GreyNet Associate Membership. Since then, Hana has served on numerous GL Program Committees, organized together with GreyNet two workshops at NTK, co-edited together with GreyNet the Winter issues of The Grey Journal from 2015-2020, and hosted the memorable 12th International Conference on Grey Literature at NTK in Prague, Czech Republic. hana.vycitalova@techlib.cz

Guidelines for Abstracts

Participants seeking to present a paper dealing with a topic on publishing grey literature are invited to submit an English language abstract between 200-400 words. The abstract should introduce the topic, method of approach, and (anticipated) results of the work in progress, work package, or ongoing operations. The abstract should likewise include the title of the proposed paper, topic(s) most suited to the paper, name(s) of the author(s), and full address information. Abstracts are the only tangible source that allows the Program Committee to guarantee the content and balance in the program. Every effort should be made to reflect the content of your work in the abstract submitted. Abstracts not in compliance with the guidelines will be returned to the author for revision.
