Introduction

This revised and expanded edition of the International Directory of Organizations in Grey Literature, IDGL includes a record of each organization's URL (Uniform Resource Locator) and ROR (Research Organization Registry) ID. The ROR-ID record further allows for the inclusion of other linked and persistent identifiers such as the organization's GRID (Global Research Identifier), ISNI (International Standard Name Identifier), Crossref Funder ID, and Wikidata. Organizations are listed under the country in which they reside and appear in alphabetical order. Each organizational entry is assigned one of four sector codes: Academics – ACAD, Government – GOVT, Business – BUSN, or Other – OTHR. An organization's entry in the directory indicates that one or more persons within that organization have contact with GreyNet International, that the organization has an assigned ROR ID, and that the organization is currently included on GreyNet's Distribution List.

GreyNet International has contacts in 45 Countries worldwide via its Distribution List
