International Directory of Organizations in Grey Literature, IDGL

Compiled by Dominic Farace, GreyNet International, Grey Literature Network Service Amsterdam, November 2026. 5th edition updated. – 30 p. - ISBN 978-90-77484-49-4

This revised and updated edition of the International Directory of Organizations in Grey Literature, IDGL includes a record of each organization's URL (Uniform Resource Locator) and ROR (Research Organization Registry) ID. The ROR-ID record further allows for the inclusion of other linked and persistent identifiers such as the organization's GeoName ID, GRID (Global Research Identifier), ISNI (International Standard Name Identifier), Funder ID, and Wikidata. Organizations are listed under the country in which they reside and appear in alphabetical order. Each organizational entry is assigned one of four sector codes: Academics - ACAD, Government - GOVT, Business - BUSN, or Other - OTHR. If the organization likewise appears in the Registry of Publishers in Grey Literature, a PUBGREY link is also assigned. An organization's entry in the directory indicates that one or more persons within that organization has contact with GreyNet International, that the organization has an assigned ROR ID, and that the organization is currently included on GreyNet's Distribution List. For further information, contact info@greynet.org.
