*Jayhoon Kim, Project Team Leader and SeokJong Lim, Principal Researcher  
Korea Institute of Science and Technology Information*

The Korea Institute of Science and Technology Information (KISTI) and GreyNet International collaborated in a joint research project entitled 'Global Information Repository Research for STI Development'. GreyNet an established community of practice in the field of grey literature for over thirty years has contacts with research organizations in more than 40 countries worldwide. GreyNet brings to this project its expertise in the promotion and management of scientific and technical information outside the sphere of commercial publishing. This six-month collaborative research project was launched in the first week of April 2024 and closed the final week of September 2024. The results of this project will be presented at a joint conference to be held in Pisa, Italy in May 2025.
